

Cat 320 EL Forestry Excavator

£84,500.00

Beautiful example of a very well looked after and maintained forestry spec excavator. Machine has the full forestry specification. Including safe rail bars, additional oil cooler etc. Fitted with the SP661LF hydraulic rotating tree harvester. Harvester manufacture year is 2020 but not fitted until 2021 at a cost of £75,000. This machine has had the massive advantage of being under a full Finning Caterpillar Maintenance package. Anything the machine has ever needed it has got. Condition all around is excellent. Undercarriage is like new. Air conditioning. Machine has been in operation until recently and is ready to go straight to work again. Only reason for selling was
